

ENTRANCE RESTRICTIONS

Due to the current Covid-19 situation some additional restrictions must be followed in order to enter the fenced-off event area.

Access Control

There will be an access control at the entrance of the event area, in order to protect the health of everybody. Please keep distance to other people during the access control at the entrance to the event venue. Only participants, supporters and staff members who have a valid Covid-19 Certificate are allowed to enter the venue. The Covid-19 certificate has to be valid and shown when the person is entering the event area. Once these documents have been checked, the participant will receive an armband, which must be visible throughout the entire duration of the event. The COVID-19 certificate eliminates the obligation for participants to wear masks in the event area.

Covid-19 Certificate

In order to ensure easy access please have your Covid-19 certificate (QR-Code) as well as your identification card (ID, passport, driving license) ready at the access control. Therefore, please download the official „Covid Certificate“-App as a swiss resident. As an international participant please have the “EU Digital Covid Certificate” ready. Once you downloaded the app please make sure that your certificate is saved on the app. To obtain such a Covid-19 Certificate you either must be vaccinated, tested negative or have recovered from Covid-19.

! Please be aware that a valid Covid-19 Certificate including the QR-code is necessary to enter the event area. (e.g. vaccination confirmation cannot be accepted.)

Covid-19 Test (if needed)

We recommend planning your antigen rapid test good time in advance. Probably the easiest and cheapest way to do so is, to get tested close to your home. If this is not possible, there are some possibilities to book an appointment in a test-centre near to the event location. With a swiss domicile you get the rapid antigen test for free if you have your insurance card with you.

! Always keep in mind that the rapid antigen test is valid for 48 hours whereas the PCR test is for 72 hours.

The Covid-19 Certificate and therefore your test must be valid when you are entering the event area.

Test centre

! Book your appointment for an antigen rapid test a good time in advance! Check your canton's website for information on possible locations.

For further information visit the website of the [federal office of public health](#).

Covid-19 Certificate		
Vaccinated (365 days from when the last vaccine dose was administered)	Recovered from Covid-19 (valid from the 11 th day after the positive test result and last for 180 days from the date of the result)	Tested negative (Rapid antigen test – valid for 48 hrs / PCR test – valid for 72 hrs)

COVID-19 CERTIFICATE

Access to the event venue is only possible with a valid Covid-19 certificate which includes a QR-Code. Therefore, please download either the „Covid Certificate“ app (Switzerland) or the „EU Digital Covid Certificate“. At the access control please have your Covid-19 Certificate QR-Code and your identification card (ID), passport or driving license ready for inspection.
